Jane Pierce is President of Pierce Development Group and author of the book *Coaching to Win: A proven system for developing people and driving performance*. She will be helping you develop a Leadership Advantage.

Dr. Jen Welter exemplifies Winning with the Big Boys. She says "I want little girls to grow up knowing that when they put their mind to something, when they work hard, that they can do anything regardless of those things. I consider this a complete win. It's about knowing people, and the more you can relate to them, the more you can know them as a person, the better coach you'll be. My interest has always been in the mental side of the game."
