How are you monitoring and assisting local networks? For example do you hold conference calls, webinars, meet in person, regular email communication, etc And who (officer position)

in your state is assigned to these various activities. *

breakout sessions. We implemented a Transition workshop that we travel across the State to reach the members not able to come to the State meetings. This allows for the leadership team to bring the information to the local level, it is a mini State meeting done in one day. We also provide a quarterly newsletter with information regarding

Please attach any written policies or reporting forms you have in place for monitoring and assisting local networks

This is your opportunity to provide feedback to the Council. Feel free to "toot" your horn about activities, events, etc in your state. Also, tell us what kind of assistance you need from the Council in your state.

4. Be able to open membership lists v. having to download the list each time you want to view it
 5. Correct billing information.
 6. Timely responses to questions, we left messages and didn't have timely responses to give to our members
